The family of Trevis Brown (a quadriplegic since 2003) would like to send out a huge Thank You to Accede Energy for their help in raising funds to go towards a special wheel chair for him, Trevis loves to play power soccer and in order to go further he needs a special chair to do so .. The fact that Les and his wife only heard of Trevis & his story the weekend of there fishing derby and didn't hesitate to try and help in any way was very very heart warming !!!

You've truly helped a young man in following a passion he has finally found the \$740 he received was Greatly appreciated !!!! Thanks again Accede!!!

Yours truly the Browns...
